Propane Can Fuel More Than Just Your Heater

Did you know that propane not only powers furnaces and heating sources, but can also power dryers, water heaters, refrigerators, ranges and a number of other appliances?

If you haven't already, consider switching to Propane for more than just your heater.

Contact your local heating contractor to inquire about these propane appliances

Don't Get Caught In The Cold

Winter often brings poor weather conditions and while we don't like to think about it, power outages during a severe snow storm are a possibility. Even in the warmer months, poor weather conditions can put our comfort at risk.

The best option for you to be prepared for power outages is to invest in a Propane Generator.

Propane does not degrade over time so you can fill up the generator and feel confident that it will be ready when a power outage hits – whether it is two days or two years from now. It is also a great way to protect your second home from freezing/bursting pipes, and ensures your family will be safe and comfortable even in the worst weather. Contact your local electrician to find out more.

Getting Ready for The Winter!

Winter Safety Reminders

We have had a beautiful fall but winter is on its way and that means it's time for some winter safety reminders. At Budget Propane, we pride ourselves in keeping our customers and our staff safe.

Please help us help you by:

- 1. Keep driveways well maintained and sanded.**
- 2. Shovel a pathway to the propane tank to help our great drivers get to the tank.**
- 3. Keeping the tank clear of snow and ice.**

NEW! Propane Tank Monitoring

Enjoy even more comfort, convenience, and peace of mind from Budget Propane with our new Propane Tank Monitor.

The Propane Tank Monitor will alert us when your propane levels are low so that we can come and re-fill your tanks, ensuring that you always have propane when you need it. It will also keep you informed about the current level of your propane tank with weekly notifications sent by email.

For only \$80 per year, you will receive a tank monitor, free installation, interval battery replacements at no additional charge and if you sign-up now, you will get your FIRST YEAR of monitoring for FREE!

Whether you use propane at your home, cottage or place of business, our Propane Tank Monitors will help streamline the propane delivery process and allow for the timeliest delivery.

Request a Tank Monitor

Propane tank monitoring is an easy-to-use subscription based service that ensures you get a propane fill-up when you need it!

To Our Valued Customers

2017 has been a great year for us and I wanted to take the time to say

"Thank You"

to everyone who made that possible.

At Budget, we pride ourselves on our customer service and it's important to us that we always come up with new ways to make your experience the best it can be by adding more convenience and comfort to your lives.

This winter, we're promoting three initiatives that are aimed at doing just that – going paperless, our Customer Web Portal and our NEW! Propane Tank Monitoring.

We are also offering some great incentives to make these initiatives even more enticing for you (keep reading to find out what they are).

We look forward to providing even more home comfort and peace of mind to you and your family this year!

Best wishes for a safe, happy winter!

James Callow, President

The background of the advertisement features a row of green storage units in a wooded area. A large green banner with white text is positioned at the top left. A circular inset shows a different view of the storage facility.

**GET 4 WEEKS
OF STORAGE FREE.**

Budget Propane Customer EXCLUSIVE!

Request any size on-site or portable storage unit from now until January 31st, 2018 and receive your first 4 weeks FREE!

Go Paperless! 25 Free Litres

Going paperless is more convenient, reduces your carbon footprint and puts money back in your pocket! You will also receive more timely notifications when your propane tank has been filled.

In exchange for switching to paperless billing, we are offering customers a credit for 25 litres of Propane for FREE.

Contact us at 1-888-405-7777 to switch to paperless today!
